طرح درس

Health Information Technology Lamguage

تعداد واحد: ۳ واحد		نوع واحد: نظری
پیش نیاز: زبان انگلیسی عمومی		زمان و مکان: کلاس مجازی
مدرس: خانم طالبی		فراگیران: دانشجویان کارشناسی فناوری اطلاعات سلامت
Developing and strengthening special English skills: Reading-Writing-Listening and Speaking **translation in the field of Information Technology**		هدف کلی درس:

Session	Student participation	Teaching method & media	Title	Behavioral objectives
1	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Health IT: What Does the Term Mean?	- To recognize the meaning of the term health information technology - To recognize the importance of information technology in healthcare -Extracting the main idea in the passage -Translate a passage
2	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Clinical informatics	- To recognize the meaning and importance of clinical informatics -Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
3	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Clinical informatics (continue)	- To recognize the meaning and importance of clinical informatics -Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
4	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Electronic health record	To recognize the electronic health record -Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
5	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Electronic health record (continue)	To recognize the importance of electronic health record -Extracting the main idea in the passage -Familiarity with special terms -Translate a passage

6	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Mobile health	To recognize the Mobile health - Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
7	Mid-term exam	Mid-term exam		Mid-term exam
8	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Smart e-health	To recognize the key roles of Smart e-health in health care - Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
9	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Internet of things	To recognize Internet of things - Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
10	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Telemedicine	To recognize the Telemedicine - Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
11	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Telemedicine (continue)	To recognize the types of Telemedicine - Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
12	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Clinical decision support systems	To recognize Clinical decision support systems - Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
13	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Clinical decision support systems (continue)	To recognize the types of Clinical decision support systems - Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
14	Active Class Participation and Cooperation: Asking and	Communicative Approach-- Video Projector,	Medical image processing	To recognize with the Medical image processing - Extracting the main idea in the passage

	Answering Questions	Power Point, White Board		-Familiarity with special terms -Translate a passage
15	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Health information systems	To recognize with Health information systems - Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
16	Active Class Participation and Cooperation: Asking and Answering Questions	Communicative Approach-- Video Projector, Power Point, White Board	Health information systems (continue)	To recognize with the importance of Health information systems - Extracting the main idea in the passage -Familiarity with special terms -Translate a passage
17	Final exam	Final exam	Final exam	Final exam

Class Participation and Activity **Mid-Term** **Final exam**	**5 points** **5 points** **10 points**	شیوه ارزشیابی
